

Picture Day May 19th, 2018

Dancers need to arrive 15 minutes before their scheduled time to make sure they are ready when called. Each dancer needs to have full stage make up and hair done **BEFORE** arriving at the studio and change into your costume when arriving at the studio as costumes are not to be worn outside before recital. It will be very crowded on Picture day, so make sure to keep all of your costumes neatly together to prevent losing or swapping costume pieces. Names should be written on individual costumes pieces.

Since it will be very crowded, dancers should have only one guardian with them for the day.

When your dancer's class is called, one parent must go into Studio A with their dancer and their already filled out form. The parent will get to choose between two or three individual pictures before their dancer lines up for the group pictures. PLEASE choose quickly to keep the day running smoothly. We are on a tight schedule and do not want to get behind.

*****No pictures will be allowed to be taken in Studio A. If you wish to take a picture of your dancer in costume, please do so in the waiting room.*****

All Saturday classes will get a chance to run their dances in their regular dance clothes after their pictures are done. Please see the adjusted class schedule for new times.

For dancers who want individual pictures, they will be done before the class picture. If you are late for your scheduled time, you will miss the group picture, but can still take an individual picture.

*Parents with dancers in combo classes or back to back picture times- please bring dancer's second costume piece and shoes into Studio A. After the individual picture is taken, you will wait along the wall for the group picture to finish. This will help make a smooth quick change for the second picture.
