

Costume Details For Recital 2019!

Please make sure all costume pieces have the dancer's name written on the tags as well as any garment bags. Shoes should also have dancer's initials or names written somewhere on them.

Tights

New for this year: One pair of tights per dancer is included in the costume fee. Please do not wear these specific tights until Recital day!! Students should wear other tights for class and tech rehearsal. This is imperative to keeping tights in mint condition.

VERY IMPORTANT: Tights are designed to be able to wear without underwear, but if you are going to wear some, please please please make sure it is not sticking out of your costume! We have seen this happen many times over the years and it is distracting to the audience as well as embarrassing for the dancer. Thanks!

*****Older students need to make sure they have bras with clear straps or tan if that blends in with their costume. The only part of the bra that should be showing is the straps. They also need flesh colored underwear if they choose to wear some under their tights*****

Make-Up

Dancers wear make-up on stage to enhance their facial features, which can be washed out under the harsh stage lights! If you are unsure of how to apply stage makeup for Picture Day, Dress Rehearsal and Recital, the website link below has a helpful step by step guide on how to apply stage makeup for dancers. Dancers should use a natural eye shadow color pallet in browns or grays. Younger dancers should wear pink lipstick while older dancers in Workshop level classes should wear red lipstick. Older dancers may also wear fake eyelashes. The link below has a step by step guide to help you if needed.

http://dance.about.com/od/youngdancers/ss/Stage_Makeup.htm

Hair

Please make sure all hair ties are the color of your hair- brown, black or yellow for blondes. Older dancers need to check each others wrist for stray hairbands before pictures and performances.

Buns work best when used with hair pins(open at the end) over bobby pins(ridges on one side) and a hair net that matches the dancer's hair color.

If your dance has a headpiece- ALL headpieces must be securely bobby pinned to the dancer's head. It is both danergous to the dancers and distracting to the audience when a dancer loses her headpiece on stage. If secured correctly, there is no way this should happen. Please practice ahead of time.

Quick Costume Changes

We try our best to give at least two numbers in between dance numbers, however sometimes we are not able to do that. Please figure out what numbers will have a quick change(less than 4 numbers in between dances) and how your dancer will accomplish this. Backstage moms will not be aware of all quick changes, but will help if you bring it to their attention. Dancers with two or less numbers in between dances will need to bring their costumes back stage for the quick change. If you have any questions on this, please let us know!

Shoes

*Dancers who have elastics ties on their ballet shoes will need to double knot them and cut off the excess instead of tying them in bows. This way the backstage staff will not have to worry about the elastics coming untied before heading to the stage(or on stage!)

*Half soled shoes are shoes that cover the ball of the dancer's foot, such as footundeez, or dance paws.

For dancers with sparkly costumes- To help protect your arms from scratches, you can try Bodyglide Original Anti-Chafe Balm to see if it helps. Runners often use it to prevent chafing. It can be found on Amazon.

Please print this sheet and highlight the numbers you or your dancer are in so you don't miss any details!

2019 Recital Music
